

CONSULTANT COMMUNITY PARTNER PROGRAM

TERMS & CONDITIONS

Eleo provides a subscription based online Software as a Service (SaaS) solution for Non-Profit Organizations (NPO) to manage their donors (the Platform). Eleo informs, solicits, and distributes subscriptions to NPOs through various methods. Eleo recognizes that NPOs must manage and cultivate their donors in order to sustain the NPO's cause. The Eleo Platform provides an efficient and cost-effective tool for NPOs to meet this need.

Eleo also recognizes there is a vibrant consultant community that exists to guide and aid NPOs in sustaining their cause by cultivating donor relationships. Many smaller NPOs are not acquainted with donor management software, or how to organize their fundraising efforts. Therefore, in an effort to introduce Eleo's Platform to NPOs, Eleo wishes to engage nonprofit consultants to review and evaluate the Eleo Platform for their clients.

Consultant Community Partner Program:

Consultants who refer NPO clients to subscribe to the Eleo Platform, shall be compensated in the following ways:

- Initial referral payment of \$25.00, paid after 30 days
 - For Consultant to receive initial referral payment, NPO must remain a paying client for a minimum 30 days.
- Payment of \$25 every 6 months thereafter, that NPO remains subscribed to Eleo.
- If NPO is on an Eleo Opportunity Grant or Eleo Relief Grant, Consultant Partner Share is paused.
 - Consultant Partner Share of \$25 payments every 6 months will begin when the NPO's allocated grant period ends.
